As a result of the filing of our Annual Report on Form 10-K for the year ended December 31, 2019, we are now subject to General Instruction I.B.6 of Form S-3, which limits the amount of securities that we may sell under the registration statement of which this supplement and prospectus is a part in reliance upon that General Instruction, so long as our public float remains below \$75 million. As of April 17, 2020, the aggregate market value of our outstanding common stock held by non-affiliates, or our public float, was \$56,144,327, which was calculated based on 72,914,711 outstanding shares of common stock held by non-affiliates and a per share price of \$0.77, which was the closing price of our common stock on The Nasdaq Capital Market on February 18, 2020, a date that is within 60 days of filing this supplement.

Accordingly, we are filing this supplement to amend the prospectus supplement dated August 1, 2019 to update the amount of shares we may sell under the prospectus pursuant to and in reliance on General Instruction I.B.6 of Form S-3. Pursuant to General Instruction I.B.6 of Form S-3, so long as our public float remains below \$75.0 million, in no event will we sell securities with a value of more than one-third of our public float in any 12-month period under the registration statement of which this supplement and prospectus are a part and any other sales made in reliance on such general instruction. As of the date hereof, we have not offered or sold any securities pursuant to General Instruction I.B.6 of Form S-3 during the 12 calendar month period that ends on and includes the date of this supplement.
