Annual Meeting of Shareholders
PROXY STATEMENT

April 18, 2002

To the Shareholders:

The enclosed proxy is solicited on behalf of the Board of Directors (the "Board") of Cellegy Pharmaceuticals, Inc., a California corporation ("Cellegy"), for use at Cellegy's annual meeting of shareholders, and any adjournments and postponements thereof (the "Annual Meeting"). The Annual Meeting will be held at 8:30 a.m., P.D.T., on June 5, 2002, at 349 Oyster Point Boulevard, Suite 200, South San Francisco, California. Only shareholders of record on the close of business on April 10, 2002 (the "Record Date") are entitled to notice of, and to vote at, the Annual Meeting. On the Record Date, 17,304,976 shares of common stock, no par value ("common stock"), were outstanding and entitled to vote. A majority of the shares outstanding on the Record Date will constitute a quorum for the transaction of business. This Proxy Statement, our Annual Report to Shareholders, and the accompanying form of proxy were first mailed to shareholders on or about April 18, 2002.

VOTING RIGHTS AND SOLICITATION OF PROXIES

Holders of common stock are entitled to one vote for each share of common stock held, except that in the election of directors each shareholder has cumulative voting rights as described below. The authorized number of directors currently is nine. For the election of directors, any shareholder may exercise cumulative voting rights, which enable the shareholder to cast a number of votes equal to the number of shares held multiplied by the number of directors to be elected by the class of stock held. All such votes may be cast for a single nominee or may be distributed among any or all of the nominees. Proxies cannot be voted for a greater number of persons than the number of nominees named. In order to be entitled to cumulate votes, a shareholder must give notice at the Annual Meeting, prior to voting, of the shareholder's intention to do so. In addition, no shareholder will be entitled to cumulate votes for a candidate unless that candidate's name has been placed in nomination before the voting. If one shareholder gives such a notice, all shareholders may cumulate their votes. In such an event, the proxy holder may allocate among the Board of Directors' nominees the votes required by proxies in the proxy holder's sole discretion. Shareholders are requested, by means of the accompanying proxy, to grant discretionary authority to the proxy holders to cumulate votes.

In the event that a broker, bank, custodian, nominee or other record holder of common stock indicates on a proxy that it does not have discretionary authority to vote certain shares on a particular matter (a "broker non-vote"), those shares will not be considered present and entitled to vote with respect to that matter, although they will be counted in determining the presence of a quorum.

Directors will be elected by a plurality of the votes of the shares of common stock present in person or represented by proxy at the Annual Meeting and entitled to vote on the election of directors. Proposal No. 2 requires approval by a majority of the outstanding shares. Proposal Nos. 3, 4 and 5 require for approval the affirmative vote of the majority of shares of common stock present in person or represented by proxy at

the Annual Meeting and entitled to vote on the proposal. For purposes of such proposals, (i) the aggregate number of votes entitled to be cast by all shareholders present in person or represented by proxy at the Annual Meeting, whether those shareholders vote "for," "against," "abstain" or give no instructions, will be counted for purposes of determining the minimum number of affirmative votes required to approve the proposals, (ii) the total number of shares cast "for" Proposal Nos. 3, 4 and 5 or returning a properly signed proxy but giving no instructions will be counted for purposes of determining whether sufficient affirmative votes have been cast, (iii) abstentions will be treated as shares that are present and entitled to vote on the proposal and will have the same effect as a vote against the proposal and (iv) broker non-votes will not be counted as present or voting with respect to such proposals.

In the event that sufficient votes in favor of the proposals are not received by the date of the Annual Meeting, the persons named as proxies may propose one or more adjournments of the Annual Meeting to permit further solicitations of proxies. Any such adjournment would require the affirmative vote of the majority of the outstanding shares present in person or represented by proxy at the Annual Meeting.

We will bear the cost of preparing, assembling, printing and mailing the Proxy Statement, the Notice of Annual Meeting of Shareholders and the enclosed form of proxy, as well as the cost of soliciting proxies relating to the Annual Meeting. Following the original mailing of the proxies and other soliciting materials, Cellegy will request that the brokers, custodians, nominees and other record holders forward copies of the proxy and other soliciting materials to persons for whom they hold shares of common stock and request authority for the exercise of proxies. In such cases, upon the request of the record holders, Cellegy will reimburse such holders for their reasonable expenses. The original solicitation of proxies by mail may be supplemented by telephone, telegram and personal solicitation by directors, officers and employees of Cellegy.

REVOCABILITY OF PROXIES

Any shareholder giving a proxy in the form accompanying this Proxy Statement has the power to revoke the proxy before its use. A proxy can be revoked (i) by an instrument of revocation delivered before the Annual Meeting to the Secretary of Cellegy at its principal executive offices, (ii) by a duly executed proxy bearing a later date or time than the date or time of the proxy being revoked or (iii) by voting in person at the Annual Meeting. Please note, however, that if a shareholder's shares are held of record by a broker, bank, custodian or other nominee and that shareholder wishes to vote at the Annual Meeting, the shareholder must bring to the Annual Meeting a letter from the broker, bank, custodian or other nominee confirming that shareholder's beneficial ownership of the shares. Attendance at the Annual Meeting will not by itself revoke a proxy.

PROPOSAL NO. 1

ELECTION OF DIRECTORS

Nominees

Nine directors are to be elected to the Board at the Annual Meeting to serve until the next annual meeting of shareholders and until their respective successors are elected and qualified or until the death, resignation, or removal of the director. Each of the nominees is currently a director of Cellegy. If any nominee is unable or unwilling to serve as a director, the proxies may be voted for such substitute nominee as the proxy holder may determine. The Board has no reason to believe that any of the persons named below will be unable or unwilling to serve as a director if elected. Proxies received will be voted "FOR" the election of the nominees named below unless the proxy is marked in such a manner as to withhold authority so to vote.

Board of Directors Meetings and Committees

During the fiscal year ended December 31, 2001 ("fiscal 2001"), the Board held eight meetings. Each nominee who was a director during fiscal 2001 participated in at least 75% or more of the aggregate number of the meetings of the Board and any committee on which he or she served, except for Mr. Baker whose attendance was approximately 65%.

Standing committees of the Board include an Audit Committee and a Compensation Committee. The Board does not have a nominating committee or a committee performing similar functions.

Messrs. Wells and Steigrod and Dr. Saldarini are the current members of the Audit Committee. Mr. Wells is the current chairman of the Audit Committee. Mr. Steigrod will become chairman effective immediately after the Annual Meeting. From time to time, the Committee chairman position is rotated or changed. The Audit Committee met once during fiscal 2001, and the Committee chairman, on behalf of the Committee, met three times with our independent auditors to independently review quarterly financial results. The Audit Committee reviews our accounting practices, internal control systems and the fee arrangements with our independent auditors as well as their independence and performance, and meets with our independent auditors concerning the scope and terms of their engagement and the results of their audits.

Messrs. Bowman and Steigrod and Dr. Felix Baker are the current members of the Compensation Committee. Dr. Baker will become chairman effective immediately after the Annual Meeting. The Compensation Committee met four times during 2001 and acted by written consent twice. The Compensation Committee recommends compensation for officers and employees of Cellegy, grants stock options and stock awards under our employee benefit plans, and approves current warrants granted to certain consultants.

Director Compensation

Directors employed by Cellegy did not receive any monetary fees for services performed for Cellegy during 2001. Outside directors are reimbursed for their travel expenses related to Board meetings. In addition, they receive a fee of \$1,250 for each Board meeting attended in person. Outside directors receive annual fees of \$3,500 and \$4,500 for Compensation and Audit Committee membership, respectively. During 2001, additional fees for consulting services were paid to Dr. Thornfeldt and Mr. Wells. These were based on consulting agreements between them and the company. Total fees paid were \$50,000 and \$35,000, respectively. In addition, non-cash compensation expense of approximately \$100,888 was incurred associated with stock option grants to Dr. Thornfeldt as a consultant.

Non-employee directors of Cellegy are eligible to participate in the 1995 Directors' Stock Option Plan (the "Directors' Plan"). A total of 250,000 shares of common stock are reserved for issuance to eligible directors pursuant to the Directors' Plan. The Directors' Plan is currently administered by the Compensation Committee of the Board. During fiscal 2001, Annual Options under the Directors' Plan to acquire 8,000 shares at an exercise price of \$6.50 per share were granted to each of Felix J. Baker, Julian C. Baker, Jack L. Bowman, Tobi B. Klar, Ronald J. Saldarini, Alan A. Steigrod, Carl R. Thornfeldt and Larry J. Wells.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR THE
ELECTION OF EACH OF THE NOMINATED DIRECTORS.

PROPOSAL NO. 2

APPROVAL OF AN AMENDMENT TO INCREASE THE TOTAL NUMBER OF
AUTHORIZED SHARES OF COMMON STOCK

Cellegy's Amended and Restated Articles of Incorporation (the "Restated Articles") currently authorize us to issue up to 25,000,000 shares of common stock and 5,000,000 shares of preferred stock. The Board has unanimously approved, and recommends to the shareholders the approval of, amending our Restated Articles to authorize us to issue up to 35,000,000 shares of common stock. No change is being proposed to the authorized number of shares of preferred stock.

The larger number of authorized shares of common stock provided for in this proposal will provide us with the flexibility to undertake various types of transactions, including the issuance of common stock in connection with financing or acquisition transactions, the issuance or reservation of common stock under our equity incentive plans, the declaration of stock splits or stock dividends and for any other proper corporate purpose, without the expense and delay of a special meeting of shareholders. As of March 31, 2002, 17,304,976 shares of common stock were issued and outstanding and 5,253,000 shares of common stock were issuable upon the exercise of outstanding warrants, options, or other rights and options that may be granted in the future under our equity incentive plans, and we therefore have approximately 2,442,000 shares available for issuance in the future if all currently reserved shares were issued. The proposed increase in the number of shares of common stock from 25,000,000 shares to 35,000,000 would result in our having approximately 12,442,000 shares available for issuance in the future. Except for the 5,253,000 reserved shares as described above, as of the date of this Proxy Statement Cellegy has no present arrangements or plans concerning the issuance or use of a material amount of shares of common stock. Although we currently have no agreements or understandings with respect to material financings or acquisitions, the increase in the number of shares of common stock will provide us with additional flexibility with regard to any such future transactions.

Under this proposal, the additional shares of common stock would be available for issuance without further shareholder action, unless shareholder action is otherwise required by law or the rules of any stock exchange or automated quotation system on which the common stock may then be listed or quoted.

The additional authorized shares will (i) be part of the existing class of common stock, (ii) not affect the terms of the common stock or the rights of the holders of common stock and (iii) have the same rights and privileges as the shares of common stock presently outstanding. Shareholders' current ownership of common stock will not give them automatic rights to purchase any of the additional authorized shares. Any future issuance of additional authorized shares of common stock will decrease the existing shareholders' percentage equity ownership and may have a dilutive effect on earnings per

share of common stock and on the equity and voting rights of those holding common stock at the time the additional authorized shares are issued. Although not a factor in the Board's decision to propose the amendment to the Restated Articles, the additional shares of common stock that would become available for issuance if the proposed amendment were adopted could also be used by us to oppose a hostile takeover attempt or delay or prevent changes of our control or changes in or removal of our management. For example, without further shareholder approval, our Board could strategically sell shares of common stock in a private transaction to purchasers who would oppose a takeover or favor the current Board. Cellegy is not aware of any effort to accumulate Cellegy securities or to obtain control of the company by means of a tender offer, proxy contest or otherwise. Although this proposal to increase the number of authorized shares of common stock has been prompted by business and financial considerations, not threat of any attempt to accumulate shares or otherwise gain control of us, shareholders nevertheless should be aware that approval of this proposal could hinder or prevent transactions resulting in a change of control, including transactions that are favored by a majority of the independent shareholders or in which shareholders might otherwise receive a premium for their shares over then-current market prices or benefit in some other manner.

In addition, the authority granted by our Restated Articles to our Board to fix the designations, powers, preferences, rights, qualification, limitations and restrictions of any class or series of our preferred stock could be used for anti-takeover purposes. The proposal to increase the number of authorized shares of common stock, however, is not part of any plan to adopt a series of amendments having an anti-takeover effect.

If the proposal to increase the authorized common stock is approved by the shareholders, we will file an amendment to our Restated Articles with the California Secretary of State in order to effect the increase in authorized common stock. Shareholders will not be entitled to assert dissenter's appraisal rights with respect to the proposed amendments.

Vote Required and Board of Directors' Recommendation

The affirmative vote of a majority of the outstanding shares of common stock is required for approval of this proposal. The proxy holders intend to vote all proxies received by them FOR the amendment of the Amended and Restated Articles of Incorporation. Abstentions are not affirmative votes and, therefore, will have the same effect as a vote against the proposal.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE "FOR" THE AMENDMENT OF CELLEGY'S AMENDED AND RESTATED ARTICLES OF INCORPORATION.

PROPOSAL NO. 3

APPROVAL OF AN AMENDMENT TO 1995 DIRECTORS' STOCK OPTION PLAN

General

Shareholders are being asked to approve an amendment to Cellegy's 1995 Directors' Stock Option Plan (the "Directors' Plan") to increase the number of shares of common stock reserved for issuance thereunder 100,000 shares, from 250,000 shares to 350,000 shares. The Board of Directors of Cellegy approved the proposed amendment on March 5, 2002. The Board believes that adding shares to the Directors' Plan is in the best interest of Cellegy as it will permit Cellegy to attract and retain key directors by providing them with appropriate equity incentives. If a quorum is present, the affirmative

vote of the holders of a majority of the shares of common stock present or represented at the Annual Meeting is required for approval of the amendment to the Directors' Plan.

The Directors' Plan was approved by the Board and Cellegy's shareholders effective August 1995. The Board and the shareholders approved amendments to the Directors' Plan in 1997, 1998 and 2000 to increase the number of shares issuable under the Directors' Plan and, in the case of the 1997 amendments, to make certain other amendments. The Directors' Plan provides for awards ("Options") of non-qualified stock options ("NQOs"). As of March 31, 2002, Cellegy had nine directors, of whom all non-employee directors were eligible to receive and have received Options under the Directors' Plan. During 2001, Cellegy issued a total of 46,000 Options under the Directors' Plan. As of March 31, 2002, 833 shares were available for future Options under the Directors' Plan. On March 28, 2002, the market price of the common stock was \$6.91. Non-employee directors of Cellegy have an interest in the approval of the proposed amendments to the Directors' Plan by virtue of their eligibility to receive Options under the Directors' Plan. Cellegy will mail, without charge, to each person to whom a Proxy Statement is delivered, upon request of such person and by first class mail within one business day of receipt of such request, a copy of the Directors' Plan. Any such request should be directed as follows: Secretary, Cellegy Pharmaceuticals, Inc., 349 Oyster Point Boulevard, Suite 200, South San Francisco, California 94080; telephone number (650) 616-2200.

New Plan Benefits

On the date of the Annual Meeting, assuming approval of the election of all directors and approval of this proposal, Annual Grant options to purchase a total of 64,000 shares of common stock will be awarded from the Directors' Plan.

Summary of the Directors' Plan

Administration. The Directors' Plan is administered by the Board, and the Board has delegated administration to the Compensation Committee of the Board (the "Administrator"). The Administrator acts as the manager of the Directors' Plan, and as such has the power, subject to the terms and restrictions set forth in the Directors' Plan, to interpret the Directors' Plan and to determine all other matters relating to the Directors' Plan, subject to applicable law. Determinations made by the Administrator are final and binding on all parties. The Administrator may delegate non-discretionary administrative duties to such employees of Cellegy as it deems proper.

Eligibility. Every person who at the date on which an Option was granted to the person (the "Grant Date") is a member of the Board of Directors of Cellegy (the "Board"), and who is not also an employee of Cellegy or any parent, subsidiary or affiliate of Cellegy ("Outside Directors"), is eligible to receive Options, all of which are NQOs, other than those Board members who are granted a Board seat pursuant to a financing or strategic partnering arrangement (as interpreted by the Compensation Committee in its sole discretion.) The term "Affiliate" means a "parent corporation" or a "subsidiary corporation" as defined in the applicable provisions of the Code.

Securities Subject to the Directors' Plan. As proposed to be amended, the total number of shares that are reserved and available for issuance pursuant to the exercise of Options under the Directors' Plan is 350,000 shares. A total of 833 shares are currently available for future issuance under the Directors' Plan. The shares covered by the portion of any grant that expires unexercised under the Directors' Plan will become available again for grants under the Directors' Plan. The number of shares reserved for issuance under the Directors' Plan is subject to adjustment in accordance with the provisions for adjustment in the Directors' Plan.

Granting of Options. No Options may be granted under the Directors' Plan after 10 years from the date the Board initially adopted the Directors' Plan, unless an earlier expiration date is specified by the Administrator. Each eligible person who becomes a member of the Board is granted an Option for 30,000 shares of Cellegy common stock on the first business day after the date such person is first elected to the

Board (the "Initial Grant"). Initial Grants are immediately vested and exercisable with respect to 25% of the shares subject to the Initial Grant, and become exercisable with respect to the remaining shares subject to the Option in equal installments of 25% on the first, second, third and fourth anniversary of the Grant Date. On the first business day after Cellegy's annual meeting of shareholders, if an Outside Director is still a member of the Board and has served continuously as a member of the Board for at least one year, he or she is granted an Option for 8,000 shares of common stock (the "Annual Grant"). The Annual Grant generally vests and become exercisable in increments of one third per year, on the first, second, and third anniversary of the grant date. The exercise price granted under the Directors' Plan is the fair market value of the common stock on the Grant Date. Options generally expire 10 years from the Grant Date.

Each Option will be evidenced by a written agreement referred to as the "Award Agreement," in a form satisfactory to Cellegy, executed by Cellegy and the participant to whom the Option is granted.

Corporate Transactions. The Directors' Plan provides that in the event of a dissolution or liquidation of Cellegy, a merger in which Cellegy is not the surviving corporation, a merger in which Cellegy is the surviving corporation but after which the shareholders of Cellegy cease to own their shares or other equity interests in Cellegy, the sale of all or substantially all of the assets of Cellegy or any other transaction which qualifies as a "corporate transaction" under Section 424 of Internal Revenue Code of 1986, as amended (the "Code"), wherein the shareholders of Cellegy give up all of their equity interest in Cellegy, the vesting of the Options will accelerate to become exercisable in full. Accelerated options which are not exercised prior to the close of the corporate transaction will terminate.

Payment of Exercise Price. Payment for the shares purchased upon exercise of an Option may be made (a) in cash or by check; (b) by surrender of shares of common stock of Cellegy that have been owned by the optionee for more than six (6) months (and which have been paid for within the meaning of Securities and Exchange Commission ("SEC") Rule 144 and, if such shares were purchased from Cellegy by use of a promissory note, such note has been fully paid with respect to such shares) or were obtained by the optionee in the open public market, having a fair market value equal to the exercise price of the Option; (c) by waiver of compensation due or accrued to the optionee for services rendered; (d) provided that a public market for Cellegy stock exists, through a "same day sale" commitment from the optionee and a broker-dealer that is a member of the National Association of Securities Dealers (an "NASD Dealer") whereby the optionee irrevocably elects to exercise the Option and to sell a portion of the shares so purchased to pay for the exercise price and whereby the NASD Dealer irrevocably commits upon receipt of such shares to forward the exercise price directly to Cellegy; (e) provided that a public market for Cellegy's stock exists, through a "margin" commitment from the optionee and a NASD Dealer whereby the optionee irrevocably elects to exercise the Option and to pledge the shares so purchased to the NASD Dealer in a margin account as security for a loan from the NASD Dealer in the amount of the exercise price, and whereby the NASD Dealer irrevocably commits upon receipt of such shares to forward the exercise price directly to Cellegy; or (f) by any combination of the foregoing.

Withholding Taxes. Prior to issuance of the shares upon exercise of an Option, the optionee shall pay or make adequate provision for any federal or state withholding obligations of Cellegy, if applicable.

Termination. In general, Options expire ten (10) years after the date of grant (the "Expiration Date"). The Option shall cease to vest if the optionee ceases to be a member of the Board. The date on which the optionee ceases to be a member of the Board shall be referred to as the "Termination Date". If the optionee ceases to be a member of the Board for any reason except death or disability, then each Option that has not expired or been exercised and has vested on the Termination Date, may be exercised by the optionee within three (3) months after the Termination Date, but in no event later than the Expiration Date. If the optionee ceases to be a member of the Board because of death or disability, then each Option that has not expired or been exercised and has vested on the Termination Date, may be exercised by the optionee (or the optionee's legal representative) within twelve (12) months after the Termination Date, but in no event later than the Expiration Date.

Amendment or Termination of Directors' Plan. The Compensation Committee may at any time terminate or amend the Directors' Plan (but may not terminate or amend the terms of any outstanding Option without the consent of the optionee); provided, however, that the Compensation Committee may not, without the approval of the shareholders of Cellegy, increase the total number of shares available under the Directors' Plan or change the class of persons eligible to receive Options. Further, the provisions regarding eligibility and terms and conditions of option grants may not be amended more than once every six months, other than to comport with changes in the Code, the Employee Retirement Income Security Act ("ERISA") of 1974 or the rules thereunder. In any case, no amendment of the Directors' Plan may adversely affect any then outstanding Options or any unexercised portions thereof without the written consent of the optionee.

ERISA, Internal Revenue Code. The Directors' Plan is not subject to ERISA and is not qualified under Section 401(a) of the Code.

Summary of Federal Income Tax Consequences

The following description of federal income tax consequences associated with participation in the Directors' Plan is based on current provisions of the Code and administrative and judicial interpretations thereof. It does not describe applicable state, local, or foreign tax considerations, nor does it discuss any estate or gift tax considerations. The applicable rules are complex and may vary depending upon a participant's individual circumstances. The following description is thus necessarily general and does not address all of the potential federal and other income tax consequences to every participant of the Directors' Plan or in connection with transactions thereunder.

Non-Qualified Stock Options

Option; Exercise; Tax Consequences to Cellegy. A participant does not have taxable income upon the grant of an NQO. Federal income tax consequences upon exercise will depend upon whether the option shares thereby acquired are subject to a substantial risk of forfeiture, described above. If the option shares are not subject to a substantial risk of forfeiture (or if they are subject to such a risk and the participant files a Section 83(b) Election with respect to the shares), the participant will have ordinary income at the time of exercise measured by the amount by which the fair market value of the common stock acquired upon exercise of the Option exceeds the exercise price of the shares acquired (the "Option Spread") on the exercise date. The participant's tax basis in the option shares will be their fair market value on the date of exercise, and the holding period for purposes of determining capital gain or loss also will begin with the day after transfer. If the option shares are restricted and no Section 83(b) Election is filed, the participant will not be taxable upon exercise, but instead will have ordinary income on the date the restrictions lapse, in an amount equal to the Option Spread on the date of lapse. In such a case, the participant's holding period will also begin with the date of lapse.

Sale of Option Shares. Upon sale other than to Cellegy of option shares acquired under an NQO, a Participant generally will recognize capital gain or loss to the extent of the difference between the sale price and the Participant's tax basis in the shares, which will be long term or short term depending on the holding period. A sale of shares to Cellegy will constitute a redemption of such shares, which may be taxable as a dividend.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR THE
APPROVAL OF THE AMENDMENT TO THE DIRECTORS' PLAN.

APPROVAL OF AN AMENDMENT TO 1995 EQUITY INCENTIVE PLAN

General

Shareholders are being asked to approve an amendment to Cellegy's 1995 Equity Incentive Plan (the "Plan") to increase the number of shares of common stock reserved for issuance thereunder by 1,400,000 shares, from 3,450,000 shares to 4,850,000 shares. The Board of Directors approved the proposed amendment on March 5, 2002. The Board believes that adding shares to the Plan is in the best interests of Cellegy as it will permit Cellegy to attract and retain employees and consultants, including our future planned marketing and sales force personnel assuming FDA marketing approval of our products. The sales force alone will comprise 80 new employees, more than tripling the current size of the current employee base. Cellegy believes that providing employees and key consultants with appropriate equity incentives will thereby help align their interests with those of Cellegy's shareholders. If a quorum is present, the affirmative vote of the holders of a majority of the shares of common stock present or represented at the Annual Meeting is required for approval of the amendment to the Plan.

The Plan was approved by the Board and Cellegy's shareholders effective August 1995. The Board and the shareholders approved amendments to the Plan in 1997, 1998 and 2000 to increase the number of shares issuable under the Plan. The Plan provides for awards of stock options, restricted stock, and stock bonuses. As of March 31, 2002, Cellegy had thirty-nine employees, all of whom were eligible to receive and currently have awards under the Plan. During 2001, Cellegy issued options to acquire a total of 436,000 shares under the Plan. As of March 31, 2002, no shares were available for future options and other awards under the Plan and approximately 48,000 options have been granted subject to shareholder approval of the Plan. On March 28, 2002, the market price of the common stock was \$6.91. Employees and officers of Cellegy have an interest in the approval of the proposed amendments to the Plan by virtue of their eligibility to receive awards under the Plan. Cellegy will mail, without charge, to each person to whom a Proxy Statement is delivered, upon request of such person and by first class mail within one business day of receipt of such request, a copy of the Plan. Any such request should be directed as follows: Secretary, Cellegy Pharmaceuticals, Inc., 349 Oyster Point Boulevard, Suite 200, South San Francisco, California 94080; telephone number (650) 616-2200.

Summary of the Plan

Administration. The Plan is administered by the Board, and the Board has delegated administration to the Compensation Committee (the "Administrator"). The Administrator acts as the manager of the Plan, and as such has the power, subject to the terms and restrictions set forth in the Plan, to select the persons ("Participants") to receive options granted pursuant to the Plan ("Options") or other awards under the Plan (collectively, "Awards"), to fix the number of shares that each Participant may acquire, to set the terms and conditions of each Award (including any vesting or exercisability provisions or limitations regarding any Award and/or the shares of common stock relating thereto, and the waiver, amendment, extension or acceleration of any such provisions or limitations), to reduce the exercise price of any Award to the then current fair market value if the fair market value of the common stock covered by such Award has have declined since the date the Award was granted, and to determine all other matters relating to the Plan, subject to applicable law. Determinations made by the Administrator are final and binding on all parties. The Administrator may delegate non-discretionary administrative duties to such employees of Cellegy as it deems proper. The Plan at present is administered by the Compensation Committee of the Board.

Eligibility. Every person who at the date on which an Award was granted to the person (the "Grant Date") is an employee of Cellegy or any Affiliate is eligible to receive Awards, including options that are intended to be incentive stock options ("ISOs") within the meaning of the Internal Revenue Code of 1986, as amended (the "Code"). Every person who at the Grant Date is a consultant to Cellegy or any Affiliate, or

any person who is a director of Cellegy but not an employee, is eligible to receive Awards, including non-qualified options ("NQOs"), but is not eligible to receive ISOs. The term "Affiliate" means a "parent corporation" or a "subsidiary corporation" as defined in the applicable provisions of the Code.

Securities Subject to the Plan. As proposed to be amended, the total number of shares that are reserved and available for issuance pursuant to the exercise of Awards under the Plan is 4,850,000 shares. If this proposal amending the Plan is approved, then a total of 1,352,000 shares will be available for future issuance under the Plan. The shares covered by the portion of any grant that expires unexercised under the Plan will become available again for grants under the Plan. The number of shares reserved for issuance under the Plan is subject to adjustment in accordance with the provisions for adjustment in the Plan.

Granting of Options. No Options may be granted under the Plan after 10 years from the date the Board initially adopted the Plan, unless an earlier expiration date is specified by the Administrator at the Grant Date. Options generally expire 10 years from its Grant Date, except that an ISO granted to any ten percent shareholder expires five years from the Grant Date. The exercise price of an ISO or an NQO will be determined by the Administrator, and for ISOs is at least equal to the fair market value of the stock covered by the ISO at the Grant Date (110% of the fair market value for ISOs granted to a ten percent shareholder).

Each Award will be evidenced by a written agreement (in the case of Options, referred to as the "Option Agreement," and in the case of other Awards, referred to as the "Award Agreement"), in a form satisfactory to Cellegy, executed by Cellegy and the Participant to whom the Award is granted. Provisions of Award Agreements need not be the same for each Participant. Awards may, in the sole discretion of the Administrator, be exercisable entirely at the Grant Date or at such times and in such amounts as the Administrator may specify.

Corporate Transactions. The Plan provides that if Cellegy is merged into or consolidated with another corporation under circumstances where Cellegy is not the surviving corporation, is liquidated or dissolved, is the surviving corporation of a merger after which the shareholders of Cellegy cease to own their shares or other equity interests in Cellegy, sells or otherwise disposes of substantially all its assets to another corporation, or completes any other transaction which qualifies as a "corporate transaction" under Section 424(a) of the Code wherein the shareholders of Cellegy give up all of their equity interest in Cellegy, the successor corporation may assume, convert or replace any outstanding awards. In the alternative, the successor corporation may substitute any outstanding awards with substantially equivalent awards or provide substantially similar consideration to participants as was provided to shareholders, after taking into consideration the existing provisions of the Awards. The successor corporation may also issue, in place of outstanding shares of Cellegy held by a Participant, substantially similar shares or other property subject to repurchase restrictions no less favorable to the Participant. If the successor corporation refuses to assume or substitute outstanding options, such options will expire on such transaction on such conditions as the Board determines.

Payment of Exercise Price. Except as described below, payment in full, in cash, generally must be made for all stock purchased at the time a written notice of exercise is given to Cellegy. Proceeds of any such payment will constitute general funds of Cellegy. The exercise price of options granted under the Plan may be paid as approved by the Administrator at the time of grant: (a) in cash (by check); (b) by cancellation of indebtedness of Cellegy to the Participant; (c) by surrender of shares of Cellegy common stock owned by the Participant for at least six months and having a fair market value on the date of surrender equal to the aggregate exercise price of the option; (d) by tender of a full recourse promissory note; (e) by waiver of compensation due to or accrued by the Participant for services rendered; (f) by a "same-day sale" commitment from the Participant and a National Association of Securities Dealers, Inc. ("NASD") broker; (g) by a "margin" commitment from the Participant and a NASD broker; or (h) by any combination of the foregoing.

Termination of Employment. Any Award or portion thereof that has not vested on or before the date on which a Participant ceases, for any reason, with or without cause, to be an employee or director of, or a consultant to, Cellegy or an Affiliate ("Employment Termination"), expires upon the date of Employment Termination. An Award or portion thereof that has vested as of the date of Employment Termination, to the extent the Award has not then expired or been exercised, is exercisable for a period of 90 days after the date of Employment Termination or such shorter or longer time period not exceeding five years as the Administrator may determine. If, however, Employment Termination is due to the disability or death of the Participant, then the Participant or the Participant's representative may, within 12 months after the date of Employment Termination or such shorter or longer time period not exceeding five years as the Administrator may determine, exercise such Award rights to the extent they were exercisable on the date of Employment Termination.

Restricted Stock and Bonus Stock. Participants awarded Restricted Stock must, within certain time periods specified in the Plan, pay to Cellegy, if required by applicable law, an amount equal to the par value of the Stock subject to the Award. Subject to the provisions of the Plan and the Award Agreement, during a period set by the Administrator, commencing with, and not exceeding 10 years from, the date of such award (the "Restriction Period"), the Participant may not sell, assign, transfer, pledge or otherwise encumber shares of Restricted Stock. Within these limits, the Administrator may in its discretion provide for the lapse of such restrictions in installments and may accelerate or waive such restrictions, in whole or in part, based on service, performance or such other factors or criteria as the Administrator may determine. Except to the extent otherwise provided in the Award Agreement, upon a Participant's Employment Termination during the Restriction Period, all shares still subject to restriction will be forfeited by the Participant. The Plan also allows the Administrator to make awards of Bonus Stock to a Participant.

Amendment, Suspension or Termination of the Plan. The Board may at any time amend, alter, suspend or discontinue the Plan without shareholder approval, except as required by applicable law; provided, however, that no amendment, alteration, suspension or discontinuation shall be made that would impair the rights of any Participant under any Award previously granted, without the Participant's consent, except to conform the Plan and Awards granted under the Plan to the requirements of federal or other tax laws or the requirements of SEC Rule 16b-3.

ERISA, Internal Revenue Code. The Plan is not subject to the ERISA and is not qualified under Section 401(a) of the Code.

Summary of Federal Income Tax Consequences

The following description of federal income tax consequences associated with participation in the Plan is based on current provisions of the Code and administrative and judicial interpretations thereof. It does not describe applicable state, local, or foreign tax considerations, nor does it discuss any estate or gift tax considerations. The applicable rules are complex and may vary depending upon a participant's individual circumstances. The following description is thus necessarily general and does not address all of the potential federal and other income tax consequences to every participant of the Plan or in connection with transactions thereunder

Incentive Stock Options

Option, Exercise, Alternative Minimum Tax. A Participant will not have taxable income upon the grant or exercise of an ISO. However, upon exercise, the Option Spread for the common stock acquired upon exercise of the Option (the "Option Shares") is included on the Participant's "alternative minimum taxable income" in determining the Participant's liability for the "alternative minimum tax." "Alternative minimum tax" is imposed to the extent it exceeds a Participant's regular tax liability. The maximum

alternative minimum tax rate applicable to individuals is now 28%. The Option Spread generally is measured for this purpose on the day the Option is exercised; however, if both (i) the Option Shares are subject to a "substantial risk of forfeiture" (including a right of repurchase in favor of Cellegy) and (ii) the Participant does not make an election under Section 83(b) of the Code with respect to such shares within 30 days after the purchase date (a "Section 83(b) Election"), then the Option Spread should be measured, and should be included in alternative minimum taxable income, on the date the risk of forfeiture lapses. Cellegy receives no income tax deduction upon grant or exercise of an ISO but is entitled to a deduction equal to the ordinary income taxable to the Participant upon a Disqualifying Disposition.

In general, an ISO must be exercised within 90 days of Employment Termination to retain the federal income tax treatment described above. This 90-day period does not apply in the case of a Participant who dies while owning an Option. In the case of a Participant who is permanently and totally disabled, as defined in the Code, this 90-day period is extended to 12 months. The Plan allows Cellegy to extend the period during which a Participant may exercise the Option. Any such extension may be treated as the grant of a new Option to the Participant, which must meet the requirements for ISO status on the date of the agreement; in all events, if an Option is exercised more than three months after Employment Termination, it will, except in the cases of a permanently and totally disabled or deceased Participant, not qualify as an ISO.

Sale of Option Shares; Disqualifying Dispositions. A Participant generally will be entitled to long-term capital gain treatment upon sale (other than to Cellegy) or other disposition of Option Shares held longer than two years from the grant date and one year from the date the Participant receives the shares. If the Option Shares are sold or disposed of (including by gift, but not including certain tax-free exchanges) before both of these holding periods have expired (a "Disqualifying Disposition"), the Option Spread (but generally not more than the amount of gain if the Disqualifying Disposition is a sale) is taxable as ordinary income. For this purpose, the Option Spread is measured at the Exercise Date unless the Option Shares were subject to a substantial risk of forfeiture upon purchase and the Participant did not file a Section 83(b) Election, in which event the Option Spread is measured at the date the restriction lapsed. If gain on a Disqualifying Disposition exceeds the amount treated as ordinary income, the excess is capital gain, which will be characterized as long term or short term, depending on the holding period. The holding period for Option Shares commences with the Option exercise date unless the shares are subject to a substantial risk of forfeiture and no Section 83(b) Election is filed, in which event the holding period commences with the date the risk lapsed. A sale of common stock to Cellegy, including use of common stock to pay withholding or withheld by Cellegy upon exercise of an ISO, will constitute a redemption of such common stock and may be taxable as a dividend unless certain tests in the Code are met.

Non-Qualified Stock Options

The tax consequences upon grant and exercise of an NQO under the Plan are the same as described above for the Directors Plan in Proposal No. 3.

New Plan Benefits

The grant of Options or other awards under the Plan to executive officers, including the officers named in the Summary Compensation Table, is subject to the discretion of the Administrator. As of the date of this proxy statement, except for options to purchase 48,000 shares of common stock that were granted in 2002 subject to shareholder approval of this proposal to increase the number of authorized shares under the Plan, there has been no determination by the Administrator with respect to future awards under the Plan. Accordingly, future awards are not determinable. The table of option grants under "Executive Compensation" provides information with respect to the grant of options under the Plan to the Named Officers during 2001. Excluding stock options issued on January 2, 2001 in consideration for performance in year 2000, which was described in last year's proxy statement for our 2001 annual meeting of shareholders, there were no option grants in 2001 under the Plan to current executive officers as a group, there

were option grants of 64,000 to all non-officer directors as a group, and option grants of 191,500 shares to employees during 2001 pursuant to the Plan. For the period January 2, 2002 through March 31, 2002, in consideration for performance in the year 2001 and for initial grants made to new employees, all current executive officers as a group were granted options to purchase 438,500 shares, no grants were issued to non-officer directors, and options to purchase 152,400 shares of common stock were granted to all other employees as a group, pursuant to the Plan.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR THE APPROVAL OF THE AMENDMENT TO THE PLAN.

PROPOSAL NO. 5

RATIFICATION OF SELECTION OF INDEPENDENT PUBLIC ACCOUNTANTS

Cellegy has engaged Ernst & Young LLP as its principal independent public accountants to perform the audit of Cellegy's financial statements for fiscal 2002. Ernst & Young LLP has audited Cellegy's financial statements since 1989. The Board of Directors expects that representatives of Ernst & Young LLP will be present at the Annual Meeting, will be given an opportunity to make a statement at the meeting if they desire to do so, and will be available to respond to appropriate questions.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR THE RATIFICATION OF THE SELECTION OF ERNST & YOUNG LLP.

SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT

The following table sets forth, as of March 31, 2002, certain information known to Cellegy regarding the ownership of shares of common stock by (i) each person known to Cellegy to be a beneficial owner of more than 5% of the outstanding shares of common stock, (ii) each director, (iii) each Named Officer (see "Executive Compensation") and (iv) all directors and executive officers as a group.

(1) The exercise prices of all option shares shown in the table were at a premium above the fair market value of the common stock on the grant date, which was \$5.63 per share. The shares subject to these options become exercisable annually over three years from the grant date. The exercise price may be paid in cash or in shares of common stock valued at fair market value on the exercise date, or through

a same day sale procedure. Cellegy may also finance the option exercise by loaning the optionee sufficient funds to pay the exercise price for the purchased shares, together with any federal and state income tax liability incurred by the optionee in connection with such exercise.

- (2) Amounts represent hypothetical gains that could be achieved for the respective options if exercised at the end of the option term. The assumed 5% and 10% rates of share price appreciation are mandated by rules of the Securities and Exchange Commission and do not represent Cellegy's estimate or projection of future share prices.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934 as amended (the "Exchange Act") requires Cellegy's directors and executive officers, and persons who own more than ten percent of a registered class of Cellegy's equity securities, to file with the SEC initial reports of ownership and reports of changes in ownership of Cellegy common stock and other equity securities of Cellegy. Officers, directors and greater than ten percent shareholders are required by the regulations of the SEC to furnish Cellegy with copies of all Section 16(a) forms they filed. To Cellegy's knowledge, based solely on review of the copies of such reports furnished to Cellegy, during the last fiscal year all Section 16(a) filing requirements applicable to Cellegy's officers, directors, and greater than ten percent beneficial owners were timely filed, except that a Form 5 was filed in February 2002 with respect to the option grant of 8,000 shares to Felix J. Baker and a Form 5 was filed on February 2002 with respect to the option grant of 8,000 shares to Carl R. Thornfeldt.

Compensation Committee Interlocks and Insider Participation

None of the members of the Compensation Committee, consisting of Felix J. Baker, Jack L. Bowman, and Alan A. Steigrod, was (a) at any time during 2001 an officer or employee of Cellegy or any of its subsidiaries or (b) formerly an officer of Cellegy or any of its subsidiaries. No executive officer of Cellegy served during 2001 or serves as a member of the board of directors or compensation committee of any entity that has one or more executive officers on our Board or our Compensation Committee.

REPORT OF THE COMPENSATION COMMITTEE

This Report of the Compensation Committee is required by the SEC and shall not be deemed to be incorporated by reference by any general statement incorporating by reference this Proxy Statement into any filing under the Securities Act of 1933, as amended (the "Securities Act"), or under the Exchange Act, except to the extent that Cellegy specifically incorporates this information by reference, and shall not otherwise be deemed soliciting material or filed under such acts.

The Compensation Committee of the Board makes all decisions involving the compensation of executive officers of Cellegy, approves all stock option and warrant grants and provides guidance on all other compensation and benefit related issues.

General Compensation Policy

The Committee acts on behalf of the Board to establish the general compensation policy for all employees of Cellegy. Subject to provisions of any applicable employment agreements, the Committee typically reviews base salary levels and total compensation for the Chief Executive Officer ("CEO"), other executive officers and employees of Cellegy prior to the beginning of each fiscal year. The Committee administers Cellegy's incentive and equity plans, including the 1995 Equity Incentive Plan (the "Plan"). The Committee's philosophy in compensating executive officers, including the CEO, is to relate compensation to corporate performance. Consistent with this philosophy, the incentive component of the compensation of the executive officers of Cellegy is contingent on the achievement of corporate goals and objectives. Long-term equity incentives for executive officers include the granting of stock options under the Plan. Stock options generally have value for the executive only if the price of Cellegy's stock increases above the fair market value on the grant date and the executive remains in Cellegy's employ for the period required for the shares to vest or, where vesting of options is subject to the attainment of certain performance objectives, if the specified performance objectives are attained.

The base salaries, incentive compensation and stock option grants of the executive officers are determined in part by the Committee informally reviewing data on prevailing compensation practices of other pharmaceutical companies with whom Cellegy competes for executive talent and by their evaluating such information in connection with Cellegy's corporate goals and objectives. To this end, the Committee compared the compensation of Cellegy's executive officers with the compensation practices of comparable companies to determine base salary and total cash compensation. In addition to their base salaries, Cellegy's executive officers, including the CEO, are entitled to participate in the Plan. In preparing the performance graph for this Proxy Statement, Cellegy used The NASDAQ (U.S. only) Stock Market Index and The NASDAQ Pharmaceutical Stocks Index as its most comparable business indices. The Committee reviewed the compensation information from certain companies that are competitive with Cellegy, as well as salary and stock option data from industry surveys.

Fiscal 2001 Executive Compensation

Base Compensation. The Committee reviewed the recommendations and performance and market data outlined above and established a base salary level for each executive officer, including the CEO, subject to provisions of any employment agreements.

Incentive Compensation. Cash bonuses may be awarded if Cellegy significantly exceeds predetermined corporate goals and objectives set by the Board early in the year. For fiscal 2001, the objectives used by the Committee as the basis for cash bonus incentive compensation for the CEO and the other executives were based primarily on exceeding corporate and clinical development goals.

Because Cellegy did not exceed its clinical development and corporate development goals, no cash bonuses were paid for 2001.

Stock Options. Stock options typically have been granted to executive officers when the executive first joins Cellegy, in connection with a significant change in responsibilities and, occasionally, to achieve equity within a peer group. The Committee may, however, grant additional stock options to executives for other reasons. The number of shares subject to each stock option granted is within the discretion of the Committee and is based on anticipated future contribution and ability to impact corporate and/or business unit results, past performance or consistency within the executive's peer group.

In fiscal 2001, the Committee considered these factors, as well as the number of unvested options held by such executive officers as of the date of grant. In the discretion of the Committee, executive officers may also be granted stock options under the Plan to provide greater incentives to continue their employment with Cellegy and to strive to increase the value of the common stock. Initial stock options generally become exercisable over a four-year period and, in certain instances, sooner based on the attainment of certain objectives. Annual stock option grants generally become exercisable over a three-year period. Most options are granted at a price that is equal to the fair market value of the common stock on the date of grant. On January 2, 2002, stock options were awarded for fiscal 2001 to the following three executive officers, in addition to the CEO as described below, to purchase the following number of shares: Dr Azarnoff, 30,500 shares; Mr. Chandler, 40,000 shares, and Mr. Juellis, 18,500 shares.

CEO Compensation. Because Mr. Forrest was primarily responsible for Cellegy obtaining most of its goals and objectives for fiscal 2001, the Committee exercised its discretion and granted Mr. Forrest an option to purchase 75,000 shares, effective January 2, 2002. In granting stock options to Mr. Forrest, the Committee evaluated the achievement of Mr. Forrest's objectives including satisfactorily managing Cellegy's overall strategic plan, accomplishing corporate and clinical development goals, and maintaining a strong financial position.

Compliance with Section 162(m) of the Internal Revenue Code of 1986. Internal Revenue Code Section 162(m) limits Cellegy's ability to deduct compensation in excess of \$1,000,000 in any taxable year to the individual who is the chief executive officer at the end of the taxable year and the four other highest compensated officers of Cellegy during the taxable year. Cash compensation for fiscal 2001 for any individual was not in excess of \$1,000,000, and Cellegy does not expect cash compensation for fiscal 2002 to be in excess of \$1,000,000 for any individual. The Plan is in compliance with Section 162(m) by limiting the amount of stock awards that may be granted to any one individual.

Effective on the date of the Annual Meeting, June 5, 2002, Dr. Baker will become Compensation Committee Chairman.

REPORT OF THE AUDIT COMMITTEE

Notwithstanding anything to the contrary set forth in any of Cellegy's previous filings under the Securities Act and the Exchange Act that might incorporate future filings including this Proxy Statement, in whole or in part, the following report shall not be incorporated by reference in any such filings.

The Audit Committee presently is composed of three members. The Board, in its business judgement, has determined that all members of the Committee are "independent" as defined in the applicable listing standards of the Nasdaq National Market. The Committee operates under a written charter adopted by the Board of Directors, which was filed as an exhibit to last year's proxy statement. The Committee recommends to the Board of Directors the selection of Cellegy's independent auditors subject to shareholder ratification. The Committee oversees our financial results, financial reporting controls, accounting practices, public disclosure requirements, internal control systems, the annual independent audit of our financial statements, the independence of our auditors and the legal compliance and ethics programs as established by management and the Board, on behalf of the Board. Management is responsible for our internal controls and the financial reporting process. The independent auditors are responsible for performing an independent audit of our consolidated financial statements in accordance with generally accepted auditing standards and to issue a report thereon. The Committee's responsibility is to monitor and oversee these processes on behalf of the Board.

In fulfilling its oversight responsibilities, the Committee had two meetings during the first quarter of 2002 with management and the auditors. The Committee reviewed the audited financial statements in the Annual Report on Form 10-K for the year ended December 31, 2001 with management including a discussion of the accounting principles, the reasonableness of significant judgments and the clarity of disclosures in the financial statements.

The Committee reviewed with the independent auditors their judgments as to the quality, not just the acceptability, of Cellegy's accounting principles and such other matters as are required to be discussed with the Committee under generally accepted auditing standards. In addition, the Committee has discussed with the independent auditors the auditors' independence from management and Cellegy including the matters in the written disclosures required by the Independence Standards Board and considered the compatibility of non-audit services with the auditors' independence.

The Committee discussed with Cellegy's independent auditors the overall terms of engagement, scope and plans for their respective audits. The Committee meets with the independent auditors, with and without management present, to discuss the results of their examinations, their evaluations of Cellegy's internal controls, the implications of new and existing accounting policies and disclosure requirements and the overall quality of our financial reporting. The Committee held one meeting during fiscal year 2001, and conducted three telephonic calls with the Committee chairman to independently review quarterly financial results.

Audit Fees. Cellegy incurred approximately \$133,000 in fees and expenses for professional services rendered in connection with the annual audit and quarterly reviews of our consolidated financial statements for 2001.

Financial Information Systems Design and Implementation Fees. Cellegy's independent auditors did not perform any services or bill any fees for financial information systems and design implementation for the fiscal year ended December 31, 2001.

Other Audit Fees and Other Related Fees. During 2001, Cellegy incurred approximately \$45,000 in fees and expenses in connection with other non-audit matters such as S-3 filings, tax services and consulting services associated with acquisitions and international subsidiary accounting.

In reliance on the reviews and discussions referred to above, the Committee recommended to the Board of Directors, and the Board has approved, the audited financial statements which were included in the Annual Report on Form 10-K for the years ended December 31, 2001, for filing with the Securities and Exchange Commission. The Committee and the Board have also recommended, subject to shareholder approval, the selection of Ernst & Young LLP as Cellegy's independent auditors.

Certain Relationships and Related Transactions; Change in Control Arrangements

Mr. Forrest, who is Chairman, President and Chief Executive Officer, and Cellegy entered into an employment agreement dated November 20, 1996. The agreement provides for a base compensation of \$265,000 per year. Mr. Forrest's current annual salary is \$325,000. Either Cellegy or Mr. Forrest may terminate the agreement at any time upon notice to the other party. The agreement provides that, upon termination without cause, Mr. Forrest will be paid twelve months severance and continuation of benefits during the period severance payments are made. The agreement provides for a grant of 245,000 stock options, all of which are fully vested as of March 31, 2002. In addition to his initial stock option grant, Mr. Forrest has been granted additional stock options, on an annual basis since joining the company, to purchase a total of 530,000 shares.

The Compensation Committee, as plan administrator of the Plan, has the authority in certain circumstances to provide for accelerated vesting of the shares of common stock subject to outstanding options held by the Named Officers as well as other optionees under the Plan in connection with certain kinds of changes in control of Cellegy.

SHAREHOLDER PROPOSALS

FOR NEXT YEAR'S ANNUAL MEETING

Proposals of shareholders intended to be present at Cellegy's annual meeting of shareholders to be held in 2003 must be received in writing by Cellegy's Secretary at its principal executive offices not later than December 19, 2002 and satisfy the conditions established by the SEC for holder proposals to be included in Cellegy's proxy statement for that meeting. Pursuant to Rule 14a-4(c)(1) of the Exchange Act, shareholders wishing to bring a proposal before the 2002 annual meeting of shareholders (but not to include it in Cellegy's proxy statement or that meeting) should provide written notice of the proposal to Cellegy no later than March 4, 2002, as proxies solicited for that meeting will confer discretionary authority to vote on any such matter of which Cellegy did not have notice as of such date. In addition, if Cellegy is not notified of a shareholder proposal by March 3, 2003, then the proxies held by management of Cellegy will provide for discretionary authority to vote against such shareholder proposal, even though such proposal is not discussed in the Proxy Statement.

OTHER MATTERS

The Board knows of no other matters that will be presented at the Annual Meeting. If however, any matter is properly presented at the Annual Meeting, the proxy solicited hereby will be voted in accordance with the judgment of the proxy holders.

1995 DIRECTORS STOCK OPTION PLAN

As Adopted June 26, 1995
Amended as of May 31, 2000

1. PURPOSE. This 1995 Directors Stock Option Plan (this "Plan") is established to provide equity incentives for non-employee members of the Board of Directors of Cellegy Pharmaceuticals, Inc. (the "Company"), who are described in Section 6.1 below, by granting such persons options to purchase shares of stock of the Company.

2. ADOPTION AND SHAREHOLDER APPROVAL. After this Plan is adopted by the Board of Directors of the Company (the "Board"), this Plan will become effective on the closing of the Company's registered initial public offering of securities (the "Effective Date"); provided, however, that if the Effective Date does not occur on or before December 31, 1995, this Plan and any Options granted hereunder will terminate as of December 31, 1995 having never become effective. Upon the Effective Date of this Plan, no further stock options shall be granted pursuant to the 1992 Stock Option Plan of the Company (the "Prior Plan"). Options granted pursuant to the Prior Plan shall continue to be governed by the terms of the Prior Plan. This Plan shall be approved by the shareholders of the Company, consistent with applicable laws, within twelve (12) months after the date this Plan is adopted by the Board. Options ("Options") may be granted under this Plan after the Effective Date provided that, in the event that shareholder approval is not obtained within the time period provided herein, this Plan, and all Options granted hereunder, shall terminate. No Option that is issued as a result of any increase in the number of shares authorized to be issued under this Plan shall be exercised prior to the time such increase has been approved by the shareholders of the Company and all such Options granted pursuant to such increase shall similarly terminate if such shareholder approval is not obtained. So long as the Company is subject to Section 16(b) of the Securities Exchange Act of 1934, as amended, (the "Exchange Act") the Company will comply with the requirements of Rule 16b-3 with respect to shareholder approval.

3. TYPES OF OPTIONS AND SHARES. Options granted under this Plan shall be nonqualified stock options ("NQSOs"). The shares of stock that may be purchased upon exercise of Options granted under this Plan (the "Shares") are shares of the Common Stock of the Company.

4. NUMBER OF SHARES. The maximum number of Shares that may be issued pursuant to Options granted under this Plan (the "Maximum Number") is 350,000 Shares (giving effect to a reverse split of the Company's Common Stock effective at or before the closing of the Company's registered initial public offering of securities), subject to adjustment as provided in this Plan. If any Option is terminated for any reason without being exercised in whole or in part, the Shares thereby released from such Option shall be available for purchase under other Options subsequently granted under this Plan. At all times during the term of this Plan, the Company shall reserve and keep available such number of Shares as shall be required to satisfy the requirements of outstanding Options granted under this Plan; provided, however that if the aggregate number of Shares subject to outstanding Options granted under this Plan plus the aggregate number of Shares previously issued by the Company pursuant to the exercise of Options granted under this Plan equals or exceeds the Maximum Number of Shares, then notwithstanding anything herein to the contrary, no further Options may be granted under this Plan until the Maximum Number is increased or the aggregate number of Shares subject to outstanding Options granted under this Plan plus the aggregate number of Shares previously issued by the Company pursuant to the exercise of Options granted under this Plan is less than the Maximum Number.

5. ADMINISTRATION. This Plan shall be administered by the Board or by a committee of not less than two members of the Board appointed to administer this Plan (the "Committee"). As used in this Plan, references to the Committee shall mean either such Committee or the Board if no Committee has

1

been established. The interpretation by the Committee of any of the provisions of this Plan or any Option granted under this Plan shall be final and binding upon the Company and all persons having an interest in any Option or any Shares purchased pursuant to an Option.

6. ELIGIBILITY AND AWARD FORMULA.

6.1 Eligibility. Options may be granted only to directors of the Company who are not employees of the Company or any Parent, Subsidiary or Affiliate of the Company, as those terms are defined in Section 17 below.

6.2 Initial Grant. Each Optionee who after the Effective Date becomes a member of the Board will automatically be granted an Option for 30,000 Shares (the "Initial Grant"). Initial Grants shall be made on the first business day after the date such Optionee is first elected to the Board.

6.3 Succeeding Grants. On the day of the Company's annual meeting of shareholders, if the Optionee is still a member of the Board and has served continuously as a member of the Board for at least one year, the Optionee will automatically be granted an Option for 8,000 Shares (a "Succeeding Grant").

7. TERMS AND CONDITIONS OF OPTIONS. Subject to the following and to Section 6 above:

7.1 Form of Option Grant. Each Option granted under this Plan shall be evidenced by a written Stock Option Grant ("Grant") in such form (which need not be the same for each Optionee) as the Committee shall from time to time approve, which Grant shall comply with and be subject to the terms and conditions of this Plan.

7.2 Vesting. Options granted under this Plan shall be exercisable as they vest. The date an Optionee receives an Initial Grant or a Succeeding Grant is referred to in this Plan as the "Start Date" for such Option.

(a) Initial Grants. Each Initial Grant will vest as follows, so long as the Optionee continuously remains a director of the Company: (i) on the Start Date of the Initial Grant the Initial Grant will vest as to twenty-five percent (25%) of the Shares; (ii) with respect to the remaining 22,500 Shares: (a) on the first (1st) anniversary of the Initial Grant, the Initial Grant will vest as to an additional twenty-five percent (25%) of the remaining Shares; (b) on the second (2nd) anniversary of the Initial Grant, the Initial Grant will vest as to an additional twenty-five percent (25%) of the remaining Shares; (c) on the third (3rd) anniversary of the Initial Grant, the Initial Grant will vest as to an additional twenty-five percent (25%) of the remaining Shares; and (d) on the fourth (4th) anniversary of the Initial Grant, the Initial Grant will vest as to an additional twenty-five percent (25%) of the remaining Shares.

(b) Succeeding Grants. Each Succeeding Grant will vest as to one-third (1/3) of the Shares upon each of the first three (3) successive anniversaries of the Start Date for such Succeeding Grant, so long as the Optionee continuously remains a director of the Company.

7.3 Exercise Price. The exercise price of an Option shall be the Fair Market Value (as defined in Section 17.4) of the Shares, at the time that the Option is granted.

7.4 Termination of Option. Except as provided below in this Section, each Option shall expire ten (10) years after its Start Date (the "Expiration Date"). The Option shall cease to vest if the Optionee ceases to be a member of the Board. The date on which the Optionee ceases to be a member of the Board shall be referred to as the "Termination Date". An Option may be exercised after the Termination Date only as set forth below:

(a) Termination Generally. If the Optionee ceases to be a member of the Board for any reason except death or disability (as described in 7.4(b) below), then each Option then held by such Optionee, to the extent (and only to the extent) that it would have been exercisable by the Optionee on the Termination Date, may be exercised by the Optionee within three (3) months after the Termination Date, but in no event later than the Expiration Date.

(b) Death or Disability. If the Optionee ceases to be a member of the Board because of the death of the Optionee or the temporary or permanent, partial or total disability of the Optionee as determined by the Board, then each Option then held by such Optionee, to the extent (and only to the extent) that it would have been exercisable by the Optionee on the Termination Date, may be exercised by the Optionee (or the Optionee's legal representative) within twelve (12) months after the Termination Date, but in no event later than the Expiration Date.

8. EXERCISE OF OPTIONS.

8.1 Notice. Options may be exercised only by delivery to the Company of an exercise agreement in a form approved by the Committee stating the number of Shares being purchased, the restrictions imposed on the Shares and such representations and agreements regarding the Optionee's investment intent and access to information as may be required by the Company to comply with applicable securities laws, together with payment in full of the exercise price for the number of Shares being purchased.

8.2 Payment. Payment for the Shares purchased upon exercise of an Option may be made (a) in cash or by check; (b) by surrender of shares of Common Stock of the Company that have been owned by the Optionee for more than six (6) months (and which have been paid for within the meaning of Securities and Exchange Commission ("SEC") Rule 144 and, if such shares were purchased from the Company by use of a promissory note, such note has been fully paid with respect to such shares) or were obtained by the Optionee in the open public market, having a Fair Market Value equal to the exercise price of the Option; (c) by waiver of compensation due or accrued to the Optionee for services rendered; (d) provided that a public market for the Company's stock exists, through a "same day sale" commitment from the Optionee and a broker-dealer that is a member of the National Association of Securities Dealers (an "NASD Dealer") whereby the Optionee irrevocably elects to exercise the Option and to sell a portion of the Shares so purchased to pay for the exercise price and whereby the NASD Dealer irrevocably commits upon receipt of such Shares to forward the exercise price directly to the Company; (e) provided that a public market for the Company's stock exists, through a "margin" commitment from the Optionee and a NASD Dealer whereby the Optionee irrevocably elects to exercise the Option and to pledge the Shares so purchased to the NASD Dealer in a margin account as security for a loan from the NASD Dealer in the amount of the exercise price, and whereby the NASD Dealer irrevocably commits upon receipt of such Shares to forward the exercise price directly to the Company; or (f) by any combination of the foregoing.

8.3 Withholding Taxes. Prior to issuance of the Shares upon exercise of an Option, the Optionee shall pay or make adequate provision for any federal or state withholding obligations of the Company, if applicable.

8.4 Limitations on Exercise. Notwithstanding the exercise periods set forth in the Grant, exercise of an Option shall always be subject to the following limitations:

(a) An Option shall not be exercisable until such time as this Plan (or, in the case of Options granted pursuant to an amendment increasing the number of shares that may be issued pursuant to this Plan, such amendment) has been approved by the shareholders of the Company in accordance with Section 15 hereof.

(b) An Option shall not be exercisable unless such exercise is in compliance with the Securities Act of 1933, as amended (the "Securities Act") and all applicable state securities laws, as they are in effect on the date of exercise.

(c) The Committee may specify a reasonable minimum number of Shares that may be purchased upon any exercise of an Option, provided that such minimum number will not prevent the Optionee from exercising the full number of Shares as to which the Option is then exercisable.

9. NONTRANSFERABILITY OF OPTIONS. During the lifetime of the Optionee, an Option shall be exercisable only by the Optionee or by the Optionee's guardian or legal representative, unless otherwise permitted by the Committee. No Option may be sold, pledged, assigned, hypothecated, transferred or disposed of in any manner other than by will or by the laws of descent and distribution.

10. PRIVILEGES OF STOCK OWNERSHIP. No Optionee shall have any of the rights of a shareholder with respect to any Shares subject to an Option until the Option has been validly exercised. No adjustment shall be made for dividends or distributions or other rights for which the record date is prior to the date of exercise, except as provided in this Plan. The Company shall provide to each Optionee a copy of the annual financial statements of the Company, at such time after the close of each fiscal year of the Company as they are released by the Company to its shareholders.

11. ADJUSTMENT OF OPTION SHARES. In the event that the number of outstanding shares of Common Stock of the Company is changed by a stock dividend, stock split, reverse stock split, combination, reclassification or similar change in the capital structure of the Company without consideration, the number of Shares available under this Plan and the number of Shares subject to outstanding Options and the exercise price per share of such outstanding Options shall be proportionately adjusted, subject to any required action by the Board or shareholders of the Company and compliance with applicable securities laws; provided, however, that no fractional shares shall be issued upon exercise of any Option and any resulting fractions of a Share shall be rounded up to the nearest whole Share.

12. NO OBLIGATION TO CONTINUE AS DIRECTOR. Nothing in this Plan or any Option granted under this Plan shall confer on any Optionee any right to continue as a director of the Company.

13. COMPLIANCE WITH LAWS. The grant of Options and the issuance of Shares upon exercise of any Options shall be subject to and conditioned upon compliance with all applicable requirements of law, including without limitation compliance with the Securities Act, compliance with all other applicable state securities laws and compliance with the requirements of any stock exchange or national market system on which the Shares may be listed. The Company shall be under no obligation to register the Shares with the SEC or to effect compliance with the registration or qualification requirement of any state securities laws, stock exchange or national market system.

14. ACCELERATION OF OPTIONS. In the event of (a) a dissolution or liquidation of the Company, (b) a merger or consolidation in which the Company is not the surviving corporation (other than a merger or consolidation with a wholly-owned subsidiary, a reincorporation of the Company in a different jurisdiction, or other transaction in which there is no substantial change in the shareholders of the Company or their relative stock holdings), (c) a merger in which the Company is the surviving corporation but after which the shareholders of the Company (other than any shareholder which merges (or which owns or controls another corporation which merges) with the Company in such merger) cease to own their shares or other equity interests in the Company, (d) the sale of substantially all of the assets of the Company, or (e) any other transaction which qualifies as a "corporate transaction" under Section 424 of the Internal Revenue Code of 1986, as amended (the "Code") wherein the shareholders of the Company give up all of their equity interests in the Company (except for the acquisition, sale or transfer of all or substantially all of the outstanding shares of the Company from or by the shareholders of the Company), the vesting of all options granted pursuant to this Plan will accelerate and the options will become exercisable in full prior to

the consummation of such event at such times and on such conditions as the Committee determines, and if such options are not exercised prior to the consummation of the corporate transaction, they shall terminate in accordance with the provisions of this Plan.

15. AMENDMENT OR TERMINATION OF PLAN. The Committee may at any time terminate or amend this Plan (but may not terminate or amend the terms of any outstanding option without the consent of the Optionee); provided, however, that the Committee shall not, without the approval of the shareholders of the Company, increase the total number of Shares available under this Plan (except by operation of the provisions of Sections 4 and 11 above) or change the class of persons eligible to receive Options. Further, the provisions in Sections 6 and 7 of this Plan shall not be amended more than once every six (6) months, other than to comport with changes in the Code, the Employee Retirement Income Security Act or the rules thereunder. In any case, no amendment of this Plan may adversely affect any then outstanding Options or any unexercised portions thereof without the written consent of the Optionee.

16. TERM OF PLAN. Options may be granted pursuant to this Plan from time to time within a period of ten (10) years from the date this Plan is adopted by the Board.

17. CERTAIN DEFINITIONS. As used in this Plan, the following terms shall have the following meanings:

17.1 "Parent" means any corporation (other than the Company) in an unbroken chain of corporations ending with the Company if, at the time of the granting of the Option, each of such corporations other than the Company owns stock possessing 50% or more of the total combined voting power of all classes of stock in one of the other corporations in such chain.

17.2 "Subsidiary" means any corporation (other than the Company) in an unbroken chain of corporations beginning with the Company if, at the time of granting of the Option, each of the corporations other than the last corporation in the unbroken chain owns stock possessing fifty percent (50%) or more of the total combined voting power of all classes of stock in one of the other corporations in such chain.

17.3 "Affiliate" means any corporation that directly, or indirectly through one or more intermediaries, controls or is controlled by, or is under common control with, another corporation, where "control" (including the terms "controlled by" and "under common control with") means the possession, direct or indirect, of the power to cause the direction of the management and policies of the corporation, whether through the ownership of voting securities, by contract or otherwise.

17.4 "Fair Market Value" shall mean, as of any date, the value of a share of the Company's Common Stock determined by the Board in its sole discretion, exercised in good faith; provided, however, that if the Common Stock of the Company is quoted on the Small Cap Market of the National Association of Securities Dealers Automated Quotation System or is regularly quoted by a recognized securities dealer but selling prices are not reported, the Fair Market Value per share shall be the closing sales price for such stock or the closing bid if no sales were reported, as quoted on such system or by such dealer for the date the value is to be determined (or if there are no quoted prices for the date of grant, then for the last preceding business day on which there were quoted prices); provided, however, that if the Common Stock of the Company is listed on any established stock exchange or a national market system, including without limitation the National Market System of the National Association of Securities Dealers Automated Quotation System, the Fair Market Value per share shall be the closing sales price for such stock or the closing bid if no sales were reported, as quoted on such system or exchange (or the largest such exchange) for the date the value is to be determined (or if there are not sales for such date, then for the last preceding business day on which there were sales), as reported in the Wall Street Journal or similar publication.

1995 EQUITY INCENTIVE PLAN

As Adopted June 26, 1995
Amended as of May 31, 2000

1. PURPOSE. The purpose of this Plan is to provide incentives to attract, retain and motivate eligible persons whose present and potential contributions are important to the success of the Company, its Parent, Subsidiaries and Affiliates, by offering them an opportunity to participate in the Company's future performance through awards of Options, Restricted Stock and Stock Bonuses. Capitalized terms not defined in the text are defined in Section 23.

2. SHARES SUBJECT TO THE PLAN.

2.1 Number of Shares Available. Subject to Sections 2.2 and 18, the total number of Shares reserved and available for grant and issuance pursuant to this Plan will be 4,850,000 (giving effect to a reverse split of the Company's Common Stock effective at or before the closing of the Company's registered initial public offering of securities), less any shares which are issued, or are issuable upon exercise of options granted pursuant to the 1992 Stock Option Plan adopted by the Company (the "Prior Plan"). The pool of Shares issuable hereunder is comprised of any Shares not subject to an option granted pursuant to the Prior Plan plus any Shares issuable upon exercise of options granted pursuant to the Prior Plan that expire or become unexercisable for any reason without having been exercised in full. Upon the Effective Date (as defined below) of this Plan, no further stock options shall be granted pursuant to the Prior Plan. Options granted pursuant to the Prior Plan shall continue to be governed by the terms of the Prior Plan. Subject to Sections 2.2 and 18, Shares that: (a) are subject to issuance upon exercise of an Option but cease to be subject to such Option for any reason other than exercise of such Option; (b) are subject to an Award granted hereunder but are forfeited or are repurchased by the Company at the original issue price; or (c) are subject to an Award that otherwise terminates without Shares being issued; will again be available for grant and issuance in connection with future Awards under this Plan. At all times the Company shall reserve and keep available a sufficient number of Shares as shall be required to satisfy the requirements of all outstanding Options granted under this Plan and all other outstanding but unvested Awards granted under this Plan.

2.2 Adjustment of Shares. In the event that the number of outstanding Shares is changed by a stock dividend, recapitalization, stock split, reverse stock split, subdivision, combination, reclassification or similar change in the capital structure of the Company without consideration, then (a) the number of Shares reserved for issuance under this Plan, (b) the Exercise Prices of and number of Shares subject to outstanding Options, and (c) the number of Shares subject to other outstanding Awards will be proportionately adjusted, subject to any required action by the Board or the shareholders of the Company and compliance with applicable securities laws; provided, however, that fractions of a Share will not be issued but will either be replaced by a cash payment equal to the Fair Market Value of such fraction of a Share or will be rounded up to the nearest whole Share, as determined by the Committee.

3. ELIGIBILITY. ISOs (as defined in Section 5 below) may be granted only to employees (including officers and directors who are also employees) of the Company or of a Parent or Subsidiary of the Company. All other Awards may be granted to employees, officers, directors, consultants and advisors of the Company or any Parent, Subsidiary or Affiliate of the Company; provided such consultants and advisors render bona fide services not in connection with the offer and sale of securities in a capital-raising transaction. No person will be eligible to receive more than 350,000 Shares in any calendar year under this Plan pursuant to the grant of Awards hereunder. A person may be granted more than one Award under this Plan.

4. ADMINISTRATION.

4.1 Committee Authority. This Plan will be administered by the Committee or by the Board acting as the Committee. Subject to the general purposes, terms and conditions of this Plan, and to the direction of the Board, the Committee will have full power to implement and carry out this Plan. Without limitation, the Committee will have the authority to:

- (a) construe and interpret this Plan, any Award Agreement and any other agreement or document executed pursuant to this Plan;
- (b) prescribe, amend and rescind rules and regulations relating to this Plan;
- (c) select persons to receive Awards;
- (d) determine the form and terms of Awards (which need not be identical), including but not limited to, the time or times at which Options shall be exercisable and the extension or acceleration of any such provisions or limitations, based in each case on such factors as the Committee shall determine, in its sole discretion;
- (e) determine the number of Shares or other consideration subject to Awards;

- (f) determine whether Awards will be granted singly, in combination with, in tandem with, in replacement of, or as alternatives to, other Awards under this Plan or any other incentive or compensation plan of the Company or any Parent, Subsidiary or Affiliate of the Company;
- (g) grant waivers of Plan or Award conditions;
- (h) determine the vesting, exercisability and payment of Awards;
- (i) correct any defect, supply any omission or reconcile any inconsistency in this Plan, any Award or any Award Agreement;
- (j) determine whether an Award has been earned;
- (k) make all other determinations necessary or advisable for the administration of this Plan.

4.2 Committee Discretion. Any determination made by the Committee with respect to any Award will be made in its sole discretion at the time of grant of the Award or, unless in contravention of any express term of this Plan or Award, at any later time, and such determination will be final and binding on the Company and on all persons having an interest in any Award under this Plan. The Committee may delegate to one or more officers of the Company the authority to grant an Award under this Plan to Participants who are not Insiders of the Company.

4.3 Compliance with Code Section 162(m). If two or more members of the Board are Outside Directors, the Committee shall be comprised of at least two members of the Board, all of whom are Outside Directors.

4.4 Liability and Indemnification of the Committee. No member of the group constituting the Committee, or any employee of the Company to whom the Committee delegates certain administrative responsibilities, shall be liable for any act or omission on such member's or employee's own part, including but not limited to the exercise of any power or discretion given to such member, or employee as delegatee, under this Plan, except for those acts or omissions resulting from such member's or employee's own gross negligence or willful misconduct. The Company shall indemnify each present and future member of the group constituting the Committee and each present and future employee delegated administrative responsibilities by such Committee against, and each member of the group constituting the Committee or employee delegated administrative

responsibilities by such Committee shall be entitled without further act on his or her part to indemnity from the Company for, all expenses (including the amount of judgments or settlements approved by the Company and made with a view to the curtailment of costs of litigation, other than amounts paid to the Company itself) reasonably incurred by such person in connection with or arising out of any action, suit or proceeding to the full extent permitted by law and by the Articles of Incorporation and Bylaws of the Company.

5. OPTIONS. The Committee may grant Options to eligible persons and will determine whether such Options will be Incentive Stock Options within the meaning of the Code ("ISOs") or Nonqualified Stock Options ("NQSOs"), the number of Shares subject to the Option, the Exercise Price of the Option, the period during which the Option may be exercised, and all other terms and conditions of the Option, subject to the following:

5.1 Form of Option Grant. Each Option granted under this Plan will be evidenced by an Award Agreement which will expressly identify the Option as an ISO or an NQSO ("Stock Option Agreement"), and will be in such form and contain such provisions (which need not be the same for each Participant) as the Committee may from time to time approve, and which will comply with and be subject to the terms and conditions of this Plan.

5.2 Date of Grant. The date of grant of an Option will be the date on which the Committee makes the determination to grant such Option, unless otherwise specified by the Committee. The Stock Option Agreement and a copy of this Plan will be delivered to the Participant within a reasonable time after the granting of the Option.

5.3 Exercise Period. Unless otherwise established by the Committee with respect to any individual or group of individuals, an Option will become exercisable with respect to 25% of the Shares on the first anniversary of the Vesting Start Date (as defined below), with respect to an additional 25% of the Shares on the second anniversary of the Vesting Start Date, with respect to an additional 25% of the Shares on the third anniversary of the Vesting Start Date, with respect to an additional 25% of the Shares on the fourth anniversary of the Vesting Start Date. The Vesting Start Date is the date of grant, or such other date as the Committee determines in its discretion. The Committee may use its discretion to establish different vesting schedules with respect to any individual or group of individuals. No Option will be exercisable after the expiration of ten (10) years from the date the Option is granted; and provided further that no ISO granted to a person who directly or by attribution owns more than ten percent (10%) of the total combined voting power of all classes of stock of the Company or of any Parent or Subsidiary of the Company ("Ten Percent Shareholder") will be exercisable after the expiration of five (5) years from the date the ISO is granted. The Committee also may provide for the exercise of Options to become exercisable at one time or from time to time, periodically or otherwise, in such number of Shares or percentage of Shares as the Committee determines. Options granted to Insiders, however, may not be exercisable, in whole or in part, at any time prior to the six-month anniversary of the date of grant, unless the Committee determines that the foregoing provision is not necessary to comply with the provisions of Rule 16b-3 as promulgated under Section 16 of the Exchange Act or that such Rule is not applicable to the Plan or the Participant.

5.4 Exercise Price. The Exercise Price of an NQSO will be determined by the Committee when the Option is granted; provided, however, that if expressly required by one or more state securities authorities or laws as a condition of issuing Awards and Shares in compliance with the securities laws of such state, the exercise price of an NQSO shall not be less than 85% of the Fair Market Value of the Shares on the date of grant and the Exercise Price of any NQSO granted to a Ten Percent Shareholder shall not be less than 110% of the Fair Market Value of the Shares on the date of grant. The Exercise Price of an ISO will be not less than 100% of the Fair Market Value of the Shares on the date of grant and the Exercise Price of any ISO granted to a Ten Percent Shareholder will not be less than 110% of the Fair Market Value of the Shares on the date of grant. Payment for the Shares purchased may be made in accordance with Section 8 of this Plan.

5.5 Method of Exercise. Options may be exercised only by delivery to the Company of a written stock option exercise agreement (the "Exercise Agreement") in a form approved by the Committee (which need not be the same for each Participant), stating the number of Shares being purchased, the restrictions imposed on the Shares purchased under such Exercise Agreement, if any, and such representations and agreements

regarding Participant's investment intent and access to information and other matters, if any, as may be required or desirable by the Company to comply with applicable securities laws, together with payment in full of the Exercise Price for the number of Shares being purchased.

5.6 Termination. Notwithstanding the exercise periods set forth in the Stock Option Agreement, exercise of an Option will always be subject to the following:

- (a) If the Participant is Terminated for any reason except death or Disability, then the Participant may exercise such Participant's Options only to the extent that such Options would have been exercisable upon the Termination Date no later than three (3) months after the Termination Date (or such shorter or longer time period not exceeding five (5) years as may be determined by the Committee, with any exercise beyond three (3) months after the Termination Date deemed to be an NQSO), but in any event, no later than the expiration date of the Options.
- (b) If the Participant is Terminated because of Participant's death or Disability (or the Participant dies within three (3) months after a Termination other than because of Participant's death or Disability), then Participant's Options may be exercised only to the extent that such Options would have been exercisable by Participant on the Termination Date and must be exercised by Participant (or Participant's legal representative or authorized assignee) no later than twelve (12) months after the Termination Date (or such shorter (but not less than six months) or longer time period not exceeding five (5) years as may be determined by the Committee, with any such exercise beyond (a) three (3) months after the Termination Date when the Termination is for any reason other than the Participant's death or disability other than defined in Section 22(e)(3) of the Code, or (b) twelve (12) months after the Termination Date when the Termination is for Participant's death or Disability, deemed to be an NQSO), but in any event no later than the expiration date of the Options.

5.7 Limitations on Exercise. The Committee may specify a reasonable minimum number of Shares that may be purchased on any exercise of an Option, provided that such minimum number will not prevent Participant from exercising the Option for the full number of Shares for which it is then exercisable.

5.8 Limitations on ISOs. The aggregate Fair Market Value (determined as of the date of grant) of Shares with respect to which ISOs are exercisable for the first time by a Participant during any calendar year (under this Plan or under any other incentive stock option plan of the Company or any Affiliate, Parent or Subsidiary of the Company) will not exceed \$100,000. If the Fair Market Value of Shares on the date of grant with respect to which ISOs are exercisable for the first time by a Participant during any calendar year exceeds \$100,000, then the Options for the first \$100,000 worth of Shares to become exercisable in such calendar year will be ISOs and the Options for the amount in excess of \$100,000 that become exercisable in that calendar year will be NQSOs. In the event that the Code or the regulations promulgated thereunder are amended after the Effective Date of this Plan to provide for a different limit on the Fair Market Value of Shares permitted to be subject to ISOs, such different limit will be automatically incorporated herein and will apply to any Options granted after the effective date of such amendment.

5.9 Modification, Extension or Renewal. The Committee may modify, extend or renew outstanding Options and authorize the grant of new Options in substitution therefor, provided that any such action may not, without the written consent of a Participant, impair any of such Participant's rights under any Option previously granted. Any outstanding ISO that is modified, extended, renewed or otherwise altered will be treated in accordance with Section 424(h) of the Code. The Committee may reduce the Exercise Price of outstanding Options without the consent of Participants effected by a written notice to them; provided, however, that the Exercise Price may not be reduced below the minimum Exercise Price that would be permitted under Section 5.4 of this Plan for Options granted on the date the action is taken to reduce the Exercise Price.

5.10 No Disqualification. Notwithstanding any other provision in this Plan, no term of this Plan relating to ISOs will be interpreted, amended or altered, nor will any discretion or authority granted under this Plan be exercised, so as to disqualify this Plan under Section 422 of the Code or, without the consent of the Participant affected, to disqualify any ISO under Section 422 of the Code.

6. RESTRICTED STOCK. A Restricted Stock Award is an offer by the Company to sell to an eligible person Shares that are subject to restrictions. The Committee will determine to whom an offer will be made, the number of Shares the person may purchase, the price to be paid (the "Purchase Price"), the restrictions to which the Shares will be subject, if any, and all other terms and conditions of the Restricted Stock Award, subject to the following:

6.1 Form of Restricted Stock Award. All purchases under a Restricted Stock Award made pursuant to this Plan will be evidenced by an Award Agreement ("Restricted Stock Purchase Agreement") that will be in such form (which need not be the same for each Participant) as the Committee will from time to time approve, and will comply with and be subject to the terms and conditions of this Plan. The offer of Restricted Stock will be accepted by the Participant's execution and delivery of the Restricted Stock Purchase Agreement and full payment for the Shares to the Company within thirty (30) days from the date the Restricted Stock Purchase Agreement is delivered to the person. If such person does not execute and deliver the Restricted Stock Purchase Agreement along with full payment for the Shares to the Company within thirty (30) days, then the offer will terminate, unless otherwise determined by the Committee. The Committee, however, may provide that, if required under Rule 16b-3 promulgated under Section 16 of the Exchange Act, Restricted Stock Awards granted to Insiders shall not become exercisable until six months and one day after the grant date and shall then be exercisable for 10 trading days at the Purchase Price specified by the Committee in accordance with Section 6.2.

6.2 Purchase Price. The Purchase Price of Shares sold pursuant to a Restricted Stock Award will be determined by the Committee; provided, that if expressly required by any state securities authorities as a condition of the offer and sale of Shares subject to Restricted Stock Awards in compliance with the securities laws of such state, the Purchase Price will be at least 85% of the Fair Market Value of the Shares on the date the Restricted Stock Award is granted, except in the case of a sale to a Ten Percent Shareholder, in which case the Purchase Price will be 100% of the Fair Market Value. Payment of the Purchase Price may be made in accordance with Section 8 of this Plan.

6.3 Restrictions. Restricted Stock Awards will be subject to such restrictions (if any) as the Committee may impose. The Committee may provide for the lapse of such restrictions in installments and may accelerate or waive such restrictions, in whole or part, based on length of service, performance or such other factors or criteria as the Committee may determine.

7. STOCK BONUSES.

7.1 Awards of Stock Bonuses. A Stock Bonus is an award of Shares (which may consist of Restricted Stock) for services rendered to the Company or any Parent, Subsidiary or Affiliate of the Company. A Stock Bonus may be awarded for past services already rendered to the Company, or any Parent, Subsidiary or Affiliate of the Company (provided that the Participant pays the Company the par value, if any, of the Shares awarded by such Stock Bonus in cash) pursuant to an Award Agreement (the "Stock Bonus Agreement") that will be in such form (which need not be the same for each Participant) as the Committee will from time to time approve, and will comply with and be subject to the terms and conditions of this Plan. A Stock Bonus may be awarded upon satisfaction of such performance goals as are set out in advance in the Participant's individual Award Agreement (the "Performance Stock Bonus Agreement") that will be in such form (which need not be the same for each Participant) as the Committee will from time to time approve, and will comply with and be subject to the terms and conditions of this Plan. Stock Bonuses may vary from Participant to Participant and between groups of Participants, and may be based upon the achievement of the Company, Parent, Subsidiary or Affiliate and/or individual performance factors or upon such other criteria as the Committee may determine.

7.2 Terms of Stock Bonuses. The Committee will determine the number of Shares to be awarded to the Participant and whether such Shares will be Restricted Stock. If the Stock Bonus is being earned

upon the satisfaction of performance goals pursuant to a Performance Stock Bonus Agreement, then the Committee will determine: (a) the nature, length and starting date of any period during which performance is to be measured (the "Performance Period") for each Stock Bonus; (b) the performance goals and criteria to be used to measure the performance, if any; (c) the number of Shares that may be awarded to the Participant; and (d) the extent to which such Stock Bonuses have been earned. Performance Periods may overlap and Participants may participate simultaneously with respect to Stock Bonuses that are subject to different Performance Periods and different performance goals and other criteria. The number of Shares may be fixed or may vary in accordance with such performance goals and criteria as may be determined by the Committee. The Committee may adjust the performance goals applicable to the Stock Bonuses to take into account changes in law and accounting or tax rules and to make such adjustments as the Committee deems necessary or appropriate to reflect the impact of extraordinary or unusual items, events or circumstances to avoid windfalls or hardships.

7.3 Form of Payment. The earned portion of a Stock Bonus may be paid currently or on a deferred basis with such interest or dividend equivalent, if any, as the Committee may determine. Payment may be made in the form of cash, whole Shares, including Restricted Stock, or a combination thereof, either in a lump sum payment or in installments, all as the Committee will determine.

7.4 Termination During Performance Period. If a Participant is Terminated during a Performance Period for any reason, then such Participant will be entitled to payment (whether in Shares, cash or otherwise) with respect to the Stock Bonus only to the extent earned as of the date of Termination in accordance with the Performance Stock Bonus Agreement, unless the Committee determines otherwise.

8. PAYMENT FOR SHARE PURCHASES.

8.1 Payment. Payment for Shares purchased pursuant to this Plan may be made in cash (by check) or, where expressly approved for the Participant by the Committee and where permitted by law:

- (a) by cancellation of indebtedness of the Company to the Participant;
- (b) by surrender of shares that either: (1) have been owned by Participant for more than six (6) months and have been paid for within the meaning of SEC Rule 144 (and, if such shares were purchased from the Company by use of a promissory note, such note has been fully paid with respect to such shares); or (2) were obtained by Participant in the public market;
- (c) by tender of a full recourse promissory note having such terms as may be approved by the Committee and bearing interest at a rate sufficient to avoid imputation of income under Sections 483 and 1274 of the Code; provided, however, that Participants who are not employees or directors of the Company will not be entitled to purchase Shares with a promissory note unless the note is adequately secured by collateral other than the Shares; provided, further, that the portion of the Purchase Price equal to the par value of the Shares, if any, must be paid in cash;
- (d) by waiver of compensation due or accrued to the Participant for services rendered; provided, further, that the portion of the Purchase Price equal to the par value of the Shares, if any, must be paid in cash;
- (e) with respect only to purchases upon exercise of an Option, and provided that a public market for the Company's stock exists:
 - (1) through a "same day sale" commitment from the Participant and a broker-dealer that is a member of the National Association of Securities Dealers (an "NASD Dealer") whereby the Participant irrevocably elects to exercise the Option and to sell a portion of the Shares so purchased to pay for the Exercise

Price, and whereby the NASD Dealer irrevocably commits upon receipt of such Shares to forward the Exercise Price directly to the Company; or

- (2) through a "margin" commitment from the Participant and a NASD Dealer whereby the Participant irrevocably elects to exercise the Option and to pledge the Shares so purchased to the NASD Dealer in a margin account as security for a loan from the NASD Dealer in the amount of the Exercise Price, and whereby the NASD Dealer irrevocably commits upon receipt of such Shares to forward the Exercise Price directly to the Company; or

(f) by any combination of the foregoing.

8.2 Loan Guarantees. The Committee may help the Participant pay for Shares purchased under this Plan by authorizing a guarantee by the Company of a third-party loan to the Participant.

9. WITHHOLDING TAXES.

9.1 Withholding Generally. Whenever Shares are to be issued in satisfaction of Awards granted under this Plan, the Company may require the Participant to remit to the Company an amount sufficient to satisfy federal, state and local withholding tax requirements prior to the delivery of any certificate or certificates for such Shares. Whenever, under this Plan, payments in satisfaction of Awards are to be made in cash, such payment will be net of an amount sufficient to satisfy federal, state, and local withholding tax requirements.

9.2 Stock Withholding. When, under applicable tax laws, a Participant incurs tax liability in connection with the exercise or vesting of any Award that is subject to tax withholding and the Participant is obligated to pay the Company the amount required to be withheld, the Committee may allow the Participant to satisfy the minimum withholding tax obligation by electing to have the Company withhold from the Shares to be issued that number of Shares having a Fair Market Value equal to the minimum amount required to be withheld, determined on the date that the amount of tax to be withheld is to be determined (the "Tax Date"). All elections by a Participant to have Shares withheld for this purpose will be made in writing in a form acceptable to the Committee and will be subject to the following restrictions:

- (a) the election must be made on or prior to the applicable Tax Date;
- (b) once made, then except as provided below, the election will be irrevocable as to the particular Shares as to which the election is made;
- (c) all elections will be subject to the consent or disapproval of the Committee;
- (d) if the Participant is an Insider and if the Company is subject to Section 16(b) of the Exchange Act: (1) the election may not be made within six (6) months of the date of grant of the Award, except as otherwise permitted by SEC Rule 16b-3(e) under the Exchange Act, and (2) either (A) the election to use stock withholding must be irrevocably made at least six (6) months prior to the Tax Date (although such election may be revoked at any time at least six (6) months prior to the Tax Date) or (B) the exercise of the Option or election to use stock withholding must be made in the ten (10) day period beginning on the third day following the release of the Company's quarterly or annual summary statement of sales or earnings; and
- (e) in the event that the Tax Date is deferred until six (6) months after the delivery of Shares under Section 83(b) of the Code, the Participant will receive the full number of Shares with respect to which the exercise occurs, but such Participant will be unconditionally obligated to tender back to the Company the proper number of Shares on the Tax Date.

10. PRIVILEGES OF STOCK OWNERSHIP.

10.1 Voting and Dividends. No Participant will have any of the rights of a shareholder with respect to any Shares until the Shares are issued to the Participant. After Shares are issued to the Participant, the Participant will be a shareholder and have all the rights of a shareholder with respect to such Shares, including the right to vote and receive all dividends or other distributions made or paid with respect to such Shares; provided, that if such Shares are Restricted Stock, then any new, additional or different securities the Participant may become entitled to receive with respect to such Shares by virtue of a stock dividend, stock split or any other change in the corporate or capital structure of the Company will be subject to the same restrictions as the Restricted Stock; provided, further, that the Participant will have no right to retain such stock dividends or stock distributions with respect to Shares that are repurchased at the Participant's original Purchase Price pursuant to Section 12.

10.2 Financial Statements. If expressly required by any state securities authorities as a condition of the offer and issuance of Awards in compliance with the securities laws of such state, the Company shall provide to each Participant during the period such Participant holds an outstanding Award a copy of the financial statements of the Company as prepared either by the Company or independent certified public accountants of the Company. Such financial statements shall be delivered as soon as practicable following the end of the Company's fiscal year during the period Awards are outstanding; provided, however, the Company will not be required to provide such financial statements to Participants whose services in connection with the Company assure them access to equivalent information.

11. TRANSFERABILITY. Awards granted under this Plan, and any interest therein, will not be transferable or assignable by Participant, and may not be made subject to execution, attachment or similar process, otherwise than by will or by the laws of descent and distribution or as consistent with the specific Plan and Award Agreement provisions relating thereto. During the lifetime of the Participant an Award will be exercisable only by the Participant, and any elections with respect to an Award, may be made only by the Participant.

12. RESTRICTIONS ON SHARES. At the discretion of the Committee, the Company may reserve to itself and/or its assignee(s) in the Award Agreement a right to repurchase a portion of or all Shares that are not "Vested" (as defined in the Stock Option Agreement) held by a Participant following such Participant's Termination at any time within ninety (90) days after the later of Participant's Termination Date and the date Participant purchases Shares under this Plan, for cash and/or cancellation of purchase money indebtedness, at the Participant's original Purchase Price, provided, that the right to repurchase lapses at the rate of at least 20% per year over five (5) years from the date the Shares were purchased (or from the date of grant of options in the case of Shares obtained pursuant to a Stock Option Agreement and Stock Option Exercise Agreement), and if the right to repurchase is assignable, the assignee must pay the Company, upon assignment of the right to repurchase, cash equal to the excess of the Fair Market Value of the Shares over the original Purchase Price.

13. CERTIFICATES. All certificates for Shares or other securities delivered under this Plan will be subject to such stock transfer orders, legends and other restrictions as the Committee may deem necessary or advisable, including restrictions under any applicable federal, state or foreign securities law, or any rules, regulations and other requirements of the SEC or any stock exchange or automated quotation system upon which the Shares may be listed or quoted.

14. ESCROW; PLEDGE OF SHARES. To enforce any restrictions on a Participant's Shares, the Committee may require the Participant to deposit all certificates representing Shares (other than Shares with respect to which consideration has been fully paid by the Participant (in forms other than by promissory notes) and received by the Company), together with stock powers or other instruments of transfer approved by the Committee, appropriately endorsed in blank, with the Company or an agent designated by the Company to hold in escrow until such restrictions have lapsed or terminated, and the Committee may cause a legend or legends referencing such restrictions to be placed on the certificates. Any Participant who is permitted to execute a promissory note as partial or full consideration for the purchase of Shares under this Plan will be required to pledge and deposit with the Company all or part of the Shares so purchased as collateral to secure the payment of Participant's obligation to the Company under the promissory note; provided, however, that the Committee may require or accept other or additional forms of collateral to secure the payment of such obligation and, in any event,

the Company will have full recourse against the Participant under the promissory note notwithstanding any pledge of the Participant's Shares or other collateral or the Company's resort to any or all of such collateral. In connection with any pledge of the Shares, Participant will be required to execute and deliver a written pledge agreement in such form as the Committee will from time to time approve. The Shares purchased with the promissory note may be released from the pledge on a pro rata basis as the promissory note is paid. Notwithstanding any other provision in this Plan, the Committee may not require deposit in escrow or retain in escrow evidence of unencumbered Shares for which consideration has been fully paid by the Participant (in a form other than by promissory notes) and received by the Company.

15. EXCHANGE AND BUYOUT OF AWARDS. The Committee may, at any time or from time to time, authorize the Company, with the consent of the respective Participants, to issue new Awards in exchange for the surrender and cancellation of any or all outstanding Awards. Notwithstanding the foregoing, the Committee may at any time buy from a Participant an Award previously granted with payment in cash, Shares (including Restricted Stock) or other consideration, based on such terms and conditions as the Committee and the Participant may agree. The Committee may at any time cancel Options upon payment to each Participant in cash, with respect to each Option to the extent then exercisable, of any amount which, in the absolute discretion of the Committee, is determined to be equivalent to any excess of the market value (at the effective time of such event) of the consideration that such Participant would have received if the Option had been exercised before the effective time over the Exercise Price of the Option.

16. SECURITIES LAW AND OTHER REGULATORY COMPLIANCE. An Award will not be effective unless such Award is in compliance with all applicable federal and state securities laws, rules and regulations of any governmental body, and the requirements of any stock exchange or automated quotation system upon which the Shares may then be listed or quoted, as they are in effect on the date of grant of the Award and also on the date of exercise or other issuance. Notwithstanding any other provision in this Plan, the Company will have no obligation to issue or deliver certificates for Shares under this Plan prior to: (a) obtaining any approvals from governmental agencies that the Company determines are necessary or advisable; and/or (b) completion of any registration or other qualification of such Shares under any state or federal law or ruling of any governmental body that the Company determines to be necessary or advisable. The Company will be under no obligation to register the Shares with the SEC or to effect compliance with the registration, qualification or listing requirements of any state securities laws, stock exchange or automated quotation system, and the Company will have no liability for any inability or failure to do so.

17. NO OBLIGATION TO EMPLOY. Nothing in this Plan or any Award granted under this Plan will confer or be deemed to confer on any Participant any right to continue in the employ of, or to continue any other relationship with, the Company or any Parent, Subsidiary or Affiliate of the Company or limit in any way the right of the Company or any Parent, Subsidiary or Affiliate of the Company to terminate Participant's employment or other relationship at any time, with or without cause.

18. CORPORATE TRANSACTIONS.

"18.1 Assumption or Replacement of Awards by Successor. In the event of (a) a dissolution or liquidation of the Company, (b) a merger or consolidation in which the Company is not the surviving corporation (other than a merger or consolidation with a wholly-owned subsidiary, a reincorporation of the Company in a different jurisdiction, or other transaction in which there is no substantial change in the shareholders of the Company or their relative stock holdings and the Awards granted under this Plan are assumed, converted or replaced by the successor corporation, which assumption will be binding on all Participants), (c) a merger in which the Company is the surviving corporation but after which the shareholders of the Company (other than any shareholder which merges (or which owns or controls another corporation which merges) with the Company in such merger) cease to own their shares or other equity interests in the Company, (d) the sale of substantially all of the assets of the Company, or (e) any other transaction which qualifies as a "corporate transaction" under Section 424(a) of the Code wherein the shareholders of the Company give up all of their equity interest in the Company (except for the acquisition, sale or transfer of all or substantially all of the outstanding shares of the Company from or by the shareholders of the Company), the vesting of all Options held by an employee of the Company on the date of such transaction shall accelerate and the options will become exercisable in full prior to the consummation of such events

at such time and on such conditions as the Board will determine and if such options are not exercised prior to the consummation of the corporate transaction, they shall terminate in accordance with the provisions of this Plan. Notwithstanding the foregoing, the Board may, in its sole discretion, provide that the vesting of any or all other Awards granted pursuant to this Plan will accelerate upon a transaction described in this Section 18.1. If the Board exercises such discretion with respect to Options, such Options will become exercisable in full prior to the consummation of such event at such time and on such conditions as the Board determines, and if such Options are not exercised prior to the consummation of the corporate transaction, they shall terminate at such time as determined by the Board."

18.2 Other Treatment of Awards. Subject to any greater rights granted to Participants under the foregoing provisions of this Section 18, in the event of the occurrence of any transaction described in Section 18.1, any outstanding Awards will be treated as provided in the applicable agreement or plan of merger, consolidation, dissolution, liquidation, sale of assets or other "corporate transaction."

18.3 Assumption of Awards by the Company. The Company, from time to time, also may substitute or assume outstanding awards granted by another company, whether in connection with an acquisition of such other company or otherwise, by either; (a) granting an Award under this Plan in substitution of such other company's award; or (b) assuming such award as if it had been granted under this Plan if the terms of such assumed award could be applied to an Award granted under this Plan. Such substitution or assumption will be permissible if the holder of the substituted or assumed award would have been eligible to be granted an Award under this Plan if the other company had applied the rules of this Plan to such grant. In the event the Company assumes an award granted by another company, the terms and conditions of such award will remain unchanged (except that the exercise price and the number and nature of Shares issuable upon exercise of any such option will be adjusted appropriately pursuant to Section 424(a) of the Code). In the event the Company elects to grant a new Option rather than assuming an existing option, such new Option may be granted with a similarly adjusted Exercise Price.

19. ADOPTION AND SHAREHOLDER APPROVAL. This Plan will become effective on the closing of the Company's registered initial public offering of securities (the "Effective Date"); provided, however, that if the Effective Date does not occur on or before December 31, 1995, this Plan and any Options granted hereunder will terminate as of December 31, 1995 having never become effective. This Plan shall be approved by the shareholders of the Company (excluding Shares issued pursuant to this Plan), consistent with applicable laws, within twelve (12) months before or after the date this Plan is adopted by the Board. Upon the Effective Date, the Board may grant Awards pursuant to this Plan; provided, however, that: (a) no Option may be exercised prior to initial shareholder approval of this Plan; (b) no Option granted pursuant to an increase in the number of Shares subject to this Plan approved by the Board will be exercised prior to the time such increase has been approved by the shareholders of the Company; and (c) in the event that shareholder approval of such increase is not obtained within the time period provided herein, all Awards granted hereunder will be canceled, any Shares issued pursuant to any Award will be canceled, and any purchase of Shares hereunder will be rescinded. So long as the Company is subject to Section 16(b) of the Exchange Act, the Company will comply with the requirements of SEC Rule 16b-3 promulgated thereunder (or its successor), as amended, with respect to shareholder approval.

20. TERM OF PLAN. Unless earlier terminated as provided herein, this Plan will terminate ten (10) years from the date this Plan is adopted by the Board or, if earlier, the date of shareholder approval.

21. AMENDMENT OR TERMINATION OF PLAN. The Board may at any time terminate or amend this Plan in any respect, including without limitation amendment of any form of Award Agreement or instrument to be executed pursuant to this Plan; provided, however, that the Board will not, without the approval of the shareholders of the Company, amend this Plan in any manner that requires such shareholder approval pursuant to the Code or the regulations promulgated thereunder as such provisions apply to ISO plans or (if the Company is subject to the Exchange Act or Section 16(b) of the Exchange Act) pursuant to the Exchange Act or SEC Rule 16b-3 promulgated thereunder (or its successor), as amended, respectively.

22. NONEXCLUSIVITY OF THE PLAN. Neither the adoption of this Plan by the Board, the submission of this Plan to the shareholders of the Company for approval, nor any provision of this Plan will be

construed as creating any limitations on the power of the Board to adopt such additional compensation arrangements as it may deem desirable, including, without limitation, the granting of stock options and bonuses otherwise than under this Plan, and such arrangements may be either generally applicable or applicable only in specific cases.
